Our full line of utility boats are designed and built to withstand the wear and tear of many years of hard use like those found in resort boat fleets. The two models in the D'Lite series are lightweight and perfect for car-topping or hauling in your pick-up.

The two Canadian Voyager models feature the popular two rear corner seat configuration. They also have heavy duty extruded box gunwales, rugged cast aluminum corner gussets and fully welded stem caps for exceptional strength and durability.

Standard Features: ([click here for a full list of available features & options](#))

- Oar Locks
- Stern Carry Handles
- Cast Aluminum Bow Caps
- Cross Ribs for extra strength
- Rod Rack On Canadian Models
