ULTRACRAFT's modified-vees are built tough for a hard day's fishing, a trip to the backwaters to hunt, and other outdoor activities. In fact, there's not much these exceptional craft can't do.

Offered in three hulls with deadrise ranging from 8-12 degrees and lengths from 17'1" to 20', these all-welded models can stand up to the roughest of conditions. MVD versions offer a side console, aerated livewell in the bow, navigation lights and bilge pump, and a pre-wired trolling motor receptacle. Plus, they all have tons of room for you and your buddies.
