Stern Area Fish Seat

\*Aluminum gauge bow/bottom and sides

Built featuring a long list of standard features, the Stealth 160 series offers a great deal of value and quality in a more compact deep-vee package. They are perfect for the fisherman that fishes smaller lakes and wants an easy-to-tow rig.

These Stealth models are available as the single-side console 160C and a tiller model 160T. Both models feature a very roomy and comfortable 85" beam and are 16'2" in length. As Stealth models, they both feature our reverse chine hull and swept bow design that offers great performance and great looks as well.

**Standard Features: ([click here for a full list of available features & options](#))**
